## Education

---

### Rajasthan Technical University Kota

BTech in Information Technology; CGPA:(8.6/10)

07/2021 – 07/2025

Kota, Rajasthan, India

## Experience

---

### Dooper Health Tech Pvt Ltd

Full Stack Developer Intern

05/2024 – 07/2024

Kota, Rajasthan, India

- Developed and managed databases, implementing efficient data fetching and storage mechanisms.
- Reduced the number of lines of code by 45% with the help of utilisation of reusable components in React.js.
- Contributed to the development of RESTful APIs using Node.js and Express.js.
- Implemented coding best practices and design patterns, resulting in a 20% reduction in code complexity and easier maintenance for future development efforts.

### Tutorialspoint

Technical Content Writer

07/2023 – 10/2023

Remote

- Contributed articles in Python language.
- Authored technical articles on Python programming, enhancing the user engagement on platform's educational content.
- Worked with the SEO team on articles ranging from 800 to 3000 words, adhering to a zero-plagiarism policy.

## Projects

---

### Medical Health AI app

MongoDB, Expressjs, Reactjs, Nodejs, Azure

04/2024 – 05/2024

- Developed an AI-powered medical health assistant enabling users to get health-related insights and recommendations.
- Integrated Azure OpenAI Service to provide intelligent responses for medical queries, enhancing user engagement.
- Implemented a secure authentication system for users and healthcare professionals with role-based access.
- Designed an intuitive user interface with React and Tailwind CSS for a seamless user experience.

### Notes making and publishing tool

Nextjs, React, Convex, Tailwind, Typescript

11/2023 – 01/2024

- Developed end-to-end full stack Notion clone with real-time database and infinite nested documents feature.
- Implemented light/dark mode, cover images, trash can, file management, and expandable sidebar.
- Ensured seamless user experience with full mobile responsiveness, public note publishing, and real-time document updates.
